

1/20/22, 7 pm, Craftsbury Energy Committee Zoom Meeting Agenda
Public invited, ask for Zoom Link at Craftsburyenergycommittee@gmail.com

- Town Hall / Town Clerk's Office Weatherization / Town Hall Drainage
 - Foaming of Town Hall Basement a "go", mostly
 - Estimates uncertain in long run
 - Timing of Foam application dependant upon watching drainage on North side in the spring or with heavy rain.
 - Plan to include cost in Town Hall repairs budget, not line item to vote on.
 - Insulation around hot water pipes and heat vents in the basement

- Solar Array on Town Garage - Concerns about:
 - Original proposal Main Garage Roof, 5/12 pitch holding snow load
 - Cost replacement of rusting roof panels - Expense for trenching & potential new meter
 - Potential Transformer and 3 phase power upgrade
 - 17 - 19 year payback
 - Open to potential ground-mount array on private land or otherwise

- Micro Grid update

- Window Insert sign-ups for 2022 Program:
 - Below Zero Temp good for sign-ups! 11 Households Committed / 4 interested
 - Number of inserts wanted by the 11 households is still a question
 - 7 out of town households interested - Albany, Greensboro, Irasburg, Wolcott, Westfield, Hardwick
 - Marketing: Door-to-door?, Table at Recycle with display? Genny Porch? Food Shelf, FPF
 - Albany, Greensboro potential programs:
 - Household vaccination status shared?
 - Greensboro has asked us to assist with Supervising their potential Workshop in Greensboro
 - Nurture potential programs in other towns by allowing one initiative-taking homeowner to order inserts?
 - Local Energy Committees looking into Workshop Volunteers
 - From Banks, Real Estate agencies, Churches, Colleges, etc.
 - Members from neighboring Energy Committees available to help at workshops

- [Efficiency Vt's Better Buildings By Design annual in-person conference](#). Moved to 4/27 - 28
There is discounted registration fee for Energy Committee members

- Next Craftsbury Energy Committee meeting: Thursday, 2/17/22 - 7 pm.
