

Have you been affected by a disaster or hazard in Craftsbury (Ice/Flood/Pandemic/other)? What are your worries about future natural disasters/events?

Help the Selectboard point resources towards the things most important to you by attending the Craftsbury Hazard Mitigation Plan Public Meeting on Tuesday, May 24, at 7pm at Town Hall.

The meeting will review what natural hazards/events people feel are most harmful and discuss what we can do to lessen future impacts.

Please join us Tuesday 5/24 to finalize a meaningful plan for Craftsbury's forward movement. We need everyone's input to be stronger and more prepared for the future!

Many thanks to all who completed a survey. A group of neighbors have been working hard to help the Selectboard put this together: Kris Coville, Brian Machesney, Steve Perkins, Linda Ramsdell, Gordon Waterhouse, and me.

For more info, contact workgroup members Penelope Doherty at 802-586-2486 or Brian Machesney at 802-586-2233.
