

Craftsbury Municipal Forest Committee Meeting

Thursday, August 3, 6:30, Craftsbury Town Hall

Agenda:

- Make a decision about damage to the small hop hornbeam (aka ironwood) tree on the south edge of the Common. It was damaged during Antiques and Uniques, and the responsible party has offered to replace it if we think that's advisable. Please take a look at the tree before the meeting.
- Consider request for committee membership – Selectboard has final authority to appoint members.
- Schedule outing to post Town Forest signs.
- Any post-flood needs?
- Other business suggested by members.
