

FREEDOM & UNITY DRAFT AGENDA

Nov 14 2024

1) Debrief on Nov. 5 event

Roses, thorns, buds?

2) Process results

Run through dot voting; are there any we can merge?
Consider list of topics people have signed up for so far

3) Which to move forward?

Note: This isn't "Which will Craftsbury do?" but "Which will Craftsbury do first?"

Get clarity about top-tier (which have the momentum to move forward now), plus second-tier (which might, if we can get folks interested)

4) What is the role of the Freedom & Unity Task Force moving forward?

Report to Selectboard (Tues 11/21), then...

--Disband?

--Request that you'd like to continue in XX ways?

Re-constitute itself with new agenda, which could include:

- Be one big group that has subcommittees working on projects?
- Be an umbrella group/accountability/reconvener of small groups?
- Take on its own project area(s)?

Other ideas?

—Proposals for convening/leading Task Force activities in the future?

5) Next steps

Proposal: Convene a gathering (early December) – all of Craftsbury is invited, but particular outreach to folks who have expressed interest – to determine how to move forward with actions. Choose a team to lead this meeting.
